And cheerfully recommend it to the public as being the BEST FAMILY MEDICINE in the world for all internal and external complaints for which it is recommended. It is fast gaining popular favor, and has already reached unbounded sales. Sold by druggists everywhere. Every bottle used according to directions is warranted to cure, or money refunded.
The proprietors CHALLENGE THE WORLD to produce its superior as a remedy. Testimonials received daily in reference to the astonishing cures it has performed. It is used and recommended by prominent physicians throughout the country.
It has proven infallible for Burns, Scalds, Frozen Limbs, Bruises, Sprains, Wounds of all kinds, Pains in the side, back or shoulders, Piles, Corns, Chilblains, Chapped Hands, Stiff Neck, Aggue in the face or breast, Ear Ache, Deafness, Loss of Motion of Limbs, Toothache, Erysipelas, Inflamation of the Eyes, Inflamed Irritation of the Skin. **CHOICE IOWA LANDS.**
This Company is now offering for sale about six hundred thousand acres of the finest agricultural lands in the West. The Company sells only to actual settlers, and the prices are exceedingly reasonable, ranging from $5 to $15 per acre—the average being about $8. The greater part of these lands are situated along the line of its railroad between the cities of Des Moines and Council Bluffs, and are in the most accessible and fertile region in the State.
Sales made for cash or on credit long enough to enable any industrious man to pay for the land out of its crops.
These lands are held under a title direct from the General Government, and are not mortgaged or encumbered in any way. Full warranty deeds given to purchasers.
For maps, pamphlets, or any other information respecting them, address EBENEZER COOK, Land Commissioner, Davenport, Iowa.
EXPLORING TICKETS are sold at the Company's ticket offices at Chicago, and at other principal stations on its line, and if the purchaser buys land the amount paid for the ticket is applied on the purchase money.

**Give us Back the Tails.**

If we, as Mr. Darwin says,
From monkeys are descended,
Old Time, in changing things, hath not
As yet the matter mended.
Descendants of our ancestors
Have no such times as they,
Who had no rent of house or tax
Of government to pay.
No tailor bills came in—Dame Nature
Clothing gave—
And freaks of fashion did not make
Of monkey girl a slave.
So the olden way's the happiest way;
The new condition fails;
And, Darwin, if you can, my boy,
Just give us back the tails.

No hurrying out of bed had they,
No bolting breakfast down,
No hasty walk to shop in fear
Of some old boss's frown.
The lady monkey sat not up
Till day the night did rout,
In waiting for the lodge to close
And let her husband out.
They had no votes, 'tis true, but they'd
No officers to keep,
And o'er defaulter's cash account
They never had to weep.
So the olden way's the happiest way:
The new condition fails;
And, Darwin, if you can, my boy,
Just give us back the tails.

They had no fashion's promenade,
Where beauty's feet could stray;
But then the old boss monkey had
No milliner to pay.
They had no wine, the monkeys young,
Through night to keep a storming;
They saved thereby (you know yourself)
A headache in the morning.
A peaceful race were they, who ne'er
To war's appeal did fly;
They saved thereby occasion for
A Joint Commission High.
A smarter race were they than that
Which from them hath descended,
And Time, by changing things, hath not
As yet the matter ended.
For the olden way's the happiest way;
The new condition fails;
So, Darwin, if you can, my boy,
Please give us back the tails.

**The Greatest Auction Ever Known.**

On Wednesday next at Akron Court House, Ohio, will be sold the largest piece of property ever put up at auction in the United States, viz: that portion of the Atlantic and Great Western Railway lying within the limits of the State of Ohio, with all its tracks, rails, depots, bridges, shops and real estate in the State; all its branches and rights to leased lines, including the Cleveland and Mahoning Railroad, with all its property and franchises; also, two hundred and forty-seven three hundred and eighty-eights of all engines, cars, tools, machinery and personal of the Company, and used on its lines in New York, Pennsylvania and Ohio. The sale is in satisfaction of a mortgage, and the property is to be sold in its entirety at not less than two-thirds of its appraised value, which is $6,835,233, and the purchaser must pay down at the sale not less than $100,000. Who the purchaser will be is a question of interest. Some say that the property will be knocked down to General McClellan, Senator Thurman and Mr. Wm. B. Duncan, who, acting as trustees for the English and German holders of a majority of the Atlantic and Great Western bonds, are the bona fide owners of the road. These parties, it is said, have agreed upon a plan which, if they have an opportunity to carry it out, will restore the road to its proper place among the great railroads of the country. On the other hand it is believed by many that the road will pass into the possession of the representatives of the Erie management. At all events that company have definitely announced that they intend to complete at the sale, and that, if outbid, the successful buyer will have to pay all that the road is worth. Another evidence of the determination of this company to possess the property is seen in their extensive repairs on the track, including the laying of new rails at the rate of two miles a day, which they would hardly do unless they had some certainty of finally controlling the property.

An amusing incident took place recently at a trial. The counsel had just risen to state the case for the plaintiff, and had got no further than "May it please your honor, and gentlemen——," when he was interrupted by a small juror, whose head was just visible above the box, with, "Cut it short!" The lawyer replied quickly: "Sir, I will cut it short! Sir, I will cut it almost as short as you are!" He was not interfered with any more by the little juror.

# NEWPORT DAILY NEWS.

WEDNESDAY July 26, 1871.

### Morning News.

An attempt was made a few nights ago to burn the Rev. Mr. Ross's Irish protestant church, North Fifth street, Williamsburg.—The church door and stoop were saturated with oil, and a large can containing oil was found in the yard. The fire was discovered before much damage was done.

A steamer from Philadelphia brought to Georgetown, yesterday, a monument from that city, to be placed over the remains of ex-Secretary Stanton in Oak Hill cemetery. The monument is of the Doric order, and was procured by his widow and executors, costing $2500. It bears the name of the deceased, with birth and date, and is made of silver-tinged granite, from Concord N. H.

Thiers has refused to accept Favre's resignation. The assembling of the courts is fixed for July 31. The modern republicans in the assembly are negotiating for a union with the radical left. The disposition by the French chamber of the petitions, in regard to the temporal power of the Pope, is equivalent to laying them on the table. The committee of the assembly upon the budget proposes to raise fresh duties to the amount of six hundred million francs.

Professor C. H. F. Peters of the Litchfield observatory, Hamilton College, announces the discovery of a small planet, the 14th in the group of asteroids. It was observed in 22 hours 43 minutes right ascension, and 10 degrees 12 minutes south declination, having moved in 35 hours 35 seconds in the former co-ordinate, and 4 minutes and 20 seconds toward the south. Its magnitude is estimated at between 12 and 13.

The parents of Susan Ann Masterson, whose disappearance and supposed abduction from her home at Williamsburg, six years ago, [she being then 12 years old,] created great excitement at the time, received this morning a letter from Baltimore from the girl herself, saying that she was almost heartbroken, and begging her friends to come to her rescue. The letter was the first intelligence her parents had received of her fate, though she had previously written five letters; communication is already had with the Baltimore police for the recovery of the girl.

### Gen. Sherman on the Next Presidency.

Not long since, Gen. Sherman was caught up by the eager democracy as an eligible candidate for the presidency. The old hero did not relish being used up in that way and very pointedly told the democrats that he would not accept the nomination on any conditions. This settled that hash. Now he comes out flat-footed in favor of Gen. Grant. He expresses the opinion that Gen. Grant "will be renominated and re-elected; and he thinks it will be the best thing that could happen for the country. So far as he has been able to judge from his travels in the South, and elsewhere, everything in the country is prosperous under Grant's administration, and there is no occasion for a change." What will the democrats say to this? Will they pronounce it a stupid piece of loyalty?

### Shoddy.

A Long Branch correspondent thus describes a family which will be recognized elsewhere:

'He, Shoddy pere, was well enough; shovelled his food into his mouth with a knife, it is true, but so does many an honest man.—His 'better half' was resplendent with huge diamonds, and her stubby red fingers glittered with many colored jewels; and she was fat, not fair, and past forty. But with neither of these were we 'wrapt up.' It was with their youngest 'hopeful. Between pa and ma he sat, and if we concealed with our napkins the visible struggle that transpired within us, we trust no one observed us. He was a freckled, feeble, watery eyed urchin who ate his food with the voracity of a starved spaniel, and blinked continually like a toad in a rainstorm. He gobbled, he gnawed, he snorted, he clawed. His fingers were alternately in everything within his reach, including his hair, coffee and plate. Knives and forks he scorned. When he did use either, it was with the energy of despair. He would seize a bit of chicken in both hands, and as he tore off the edible portion with his teeth he tossed the rejected parts on the floor beneath his chair. He got butter on his coat sleeve. He wiped it off on his trowsers. He spilled everything within his reach; he thrust his hands behind him to grab the waiters by the coat to give his orders, and when everything was brought him he would thoughtfully manipulate his head and stare at it while collecting his energies for the attack."

### The Emperor of Brazil.

As a sight-seer the Emperor of Brazil is regarded in London as a marked success. The most driving son of Jonathan never did a bigger day's work in that line than is recorded of him on a recent Saturday. In the early morning he visited Regent's Park, St. John's Wood, a model farm at Hendon, and was at home to breakfast at Brook-street; then to service at the Central Jewish Synagogue, where, by the way, he was able to read and understand the service in Hebrew: then to Richmond to lunch at the Star and Garter; after luncheon, two hours at the Exhibition; and in the evening, dinner at Holland Park with the Count and Countess D'Aquila. Throwing out the aristocratic wind up and the service in Hebrew, a New Yorker on a six weeks' trip could not have done better.

### Woman as a Silent Member.

The Southern Educational Convention, which has been in session at Winchester, Va., laid upon the table, almost at the last moment of its existence, a resolution, "requesting lady teachers to become silent members of the association." Whether the waggery of the author of this notion was too great for the Convention to endure, or whether the members considered it unjust and ungallant, may not be known. At all events it might be considered somewhat impudent to request a woman to be a silent member of any association, by reason of the natural difficulties incident to feminine nature. It would also be an unfair thing to ask the ladies to become members of a body which had under consideration their interests as well as the interests of men, and to order them to maintain a silence when their own affairs were being discussed. Evidently the mover of the resolution wanted to be complimentary, but did not know how. The Convention itself was in great doubt as to the proper means to be adopted, and so the action of the body seemed discourteous, when perhaps it was occasioned by hopeless embarrassment.

New York had twenty five fires last week.

A Wisconsin ball player came to a 'short stop' with a broken leg.

Out on the prairies recently the rain acted so queerly that the rivers had to rise to explain.

The daily quantity of Croton water which is brought into Gotham amounts to 85,000,000 gallons.

The Hartford Post talks about 'second hand' potatoes, which occasions the interrogatory: 'How many times do the Hartfordites use their potatoes?'

The navy and colonial offices have been re-transferred from Versailles to Paris, and the others will shortly follow. The artillery bureau will remain the longest away.

Fashionable summer gloves are in putty color, smoke color, strawberries and cream, tea rose, prim rose, pale tan and cuir—quite queer, all of them.

The New Hampshire Unitarian Association at its recent session passed a strong resolution condemning raffling as a means of raising money.

The word of a peasant woman in Metz to a Prussian officer: 'Yes, your young people are less noisy than ours, and your taxes are not so heavy; but I would give half I possess to be under French rule again.'

New fortresses are to be constructed on the southeast and northwest frontiers of Russia. The two most important are to be located on the Prussian boundary—a significant fact.

The clergyman who offered prayer at the commencement at Bowdoin, thanked the Lord for his Providence in not allowing Gov. Chamberlain to be elected U. S. Senator, so that he might be reserved for the Presidency of Bowdoin.

### Summer Gossip.

Many New Yorkers are in Europe.

Several well known belles are summering at Tarrytown.

The Isle of Shoals is a favorite resort for Bostonians.

It is said that Richfield greatly resembles the German Ems.

A July, City wedding is a la te fashionable eccentricity.

Breakfast parties at eleven are amusements at the "Branch."

An entertainment of tableaux takes place at the Tower House, Narragansett Pier during the coming week.

The Lake Mahopac people are thinking of getting up another illumination which shall rival the fairy flotilla of last summer.

A children's ball came off at Congress Hall Cape May, last Thursday evening. The little folk danced, flirted and chatted much like their elders on similar occasions, and no doubt enjoyed themselves far better.

A new and decidedly good idea for people who do "go down to the sea in steamboats" called by business every day from their country homes, is that of keeping private camp-stools marked with the owner's name on board, thus always having a seat.

American ladies are getting a most enviable reputation for tasteful dressing among foreigners. English periodicals have long made comparisons on this point most unfavorable to their own country women, and now Mortimer Collins says American girls dress more tastefully than "Parisiennes."

Of all the quiet, rural places in New York State, Sandy Hill is the most charming.—It is situated within easy driving distance of both Lake George and the upper part of the Hudson. The village is most delightfully situated, and many extreemly pleasant people make their homes there.

### Fashion Notes.

Breakfast parties are a fashionable dissipation by the "sad sea waves."

Turbans and Leghorn flats appear to be most worn by our sea-side belles.

Croquet shoes are the latest novelty. They are very pretty—in fact nobby.

White lace driving sacks are very much worn, and over light colored silks look very pretty and effective.

Young gentlemen have adopted the large pongee umbrellas, in imitation of the ladies at the sea-side.

The polonaise, with postillion back, is the favorite out-door garment.

Cashmere jackets, in pale buff or white very richly embroidered, and bordered with deep fringe, are considered very distingue for carriage wraps and seaside wear.

Suits of wood-colored linen, undressed, are much in vogue; they are trimmed with bands of buff linen, edged with very narrow folds of black and white.

The black grenadine suits worn this season show no color whatever. The most fashionable are of fine-meshed grenadine, trimmed with ruches of black silk, or with ruffles of the materials bound with black silk.

The prettiest costumes of white pique are those trimmed with scant ruffles of embroidery, headed by bands of black velvet. A straw gypsy, trimmed with black velvet and hedge roses, is worn with them.

The favorite shoe for driving, morning wear, and croquet, is a half-high kid shoe, known as the Newport tie. It is very stylish and becoming. The Marie Antionette slipper is still the favorite style for the house.

Black silk suits, and toilets of black and white hair striped silk, are trimmed with rich black and white fringe, with black fringe over white, or with black lace over white.

Costumes in two shades of undressed silk, buff and wood color, are very fashionably worn at races, for handsome traveling dresses and for church wear, in the country and in town. The round hat accompanying suits of this kind is of English straw, trimmed with ribbon of the two shades, and a spray of tea roses.

Ladies' Tucked Skirts, 10 cts. 10 Tucked do. at 50 cts., at Annable & Allen's, 213 Thames street near the Post Office.

### About Home.

Another hand Organ has come to town.

Common talk this morning. Nice day after the storm, isn't it?

An excellent (!) place to drive fast horses —Thames street.

The Yale boys looked nobby last night in their yachting uniforms.

The Atlantic House reception will take place this (Wednesday) evening.

Rocky Point clams must have a sorry time of it about these days.

The harbor was well filled with vessels yesterday and the streets were well filled with fishermen.

The Fire Department have petitioned the City Council for an appropriation of one thousand dollars, for the firemen's muster, to be held in September.

The Bay Queen took a large number of passengers this morning for Rocky Point and Providence.

A. B. Hatch's new yacht Resolute, was launched yesterday. It will be here in a few days.

The Redwood Band will play tonight on Touro Park, weather permitting.

The High School are making extensive preparations for their graduating exercises to come off Friday afternoon.

The travel Pier-ward has been rather light for a few days past. Hotel keepers report plenty of room over there yet.

The new seven o'clock train from Boston made the passage Monday night in one hour and fifty minutes.

The Newport Brass Band will give another of their outdoor concerts on Touro Park Friday evening.

The Piscatorius Club of Hartford will visit Block Island and Newport on the 8th of August.

The man named Dunne will hardly do any more in the charity line at present as he is now taking his rest in the Marlboro' Street Jail.

Hon. A. B. Mygatt the National Bank examiner for Connecticut and Rhode Island, is in town attending to the duties of his office.

At the moment of writing it looks like rain, we won't risk our reputation, however, by attempting to prophesy what the appearance will be five minutes hence.

Would it not be just as convenient for all concerned, if people, when they stop to hold conversation in the streets, would stand a little one side and not block up the whole sidewalk?

Still they come. Twenty car loads of Methodists—Eleven hundred in all—from Springfield Mass. visited Rocky Point yesterday.

We noticed on Thames street this morning twenty teams of various kinds, all waiting for some one to move that they might get along. Who says Thames street ought to be widened?

The many improvements on the Coe estate, used as the Engineer Headquarters, reflect great credit on officers in charge. An ornamental balcony is now being erected over the front door.

The new fountain on the Parade is the source of considerable complaint. It seems that the water, instead of running off the legitimate way, runs over the top and down the street, thereby creating a river of small dimensions right where it is not wanted. Can't it be fixed?

Sold at Auction.—The estate of the late Hon. Geo. G. King, on Pelham street, was sold at auction today at 12 o'clock. The larger house with about 7,300 feet of land was purchased by Dr. David King, for $5,100. The other, adjoining, was struck off to Mr. Anthony Stewart for $4,000.

Vandalism.—Officer Beaumont arrested a young lad, Sunday, for mutilating shade trees in King street. He was afterwards released on promise of good behaviour. Many trees have been damaged of late in that section of the town by these young vandals, but hereafter the police will take their case in hand, and for their own safety we advise them to let the trees alone.

Obstructions.—We noticed that our police were profitably employed this morning in keeping the street crossing cleared of teams. Many people seem to consider it their duty to place their teams right athwart these crossings thus compelling all pedestrians to walk around through the mud and dirt of the street. If our police can succeed in keeping these places clear, they will deserve the praise of the community.

The Seventy First.—Notwithstanding the rain, yesterday was a gala day at Providence. Their New York visitors were received by the whole military force of the city, and every honor was paid them. At the collation given in their behalf. Gen. C. C. Van Zandt of this city was one of the speakers. His speech was of considerable length, and in it he referred very happily to Gen. Grant, Gen. Burnside, Gen. Sherman and Gen. Sheridan.

The Swindle.—Of the subscriptions on Dunn's book, the one of one hundred and ten dollars placed at the head was represented to have been "made up" by the individual members of Mr. Burdick's Engine Company. Following this comes the name of Alfred Smith, for twenty-five dollars, a forgery of course; "any one might have known this to be so" say those who are always wise after the event and who are, perhaps, sometimes glad of an excuse for refusing to contribute themselves. After Mr. Smith's name are the real signatures of many gentlemen who paid their money.—Among them are the names of some of the most successful and sagacious merchants in the country. The gentleman who signed last on the page happened to be the first to detect and expose the mean fraud, on the principle, we suppose, that the last endorser of a dishonored bill is usually the first to be called upon to peform an unpleasant duty.

25 Dresses more of those Black Grand Grenadines, with Silk Stripes, at 20 and 25c., can be seen at Annable & Allen's, 213 Thames street.

Personal.—General John C. Hunt of Toledo, Ohio is on his way to Newport to visit his nephew Gen. Hunt, the Commander at Fort Adams. Gen. Hunt was born in Fort Wayne, is brother-in-law of the late Gen. Cass, and participated with him when a boy in some of the trying frontier scenes during the war of 1812. He has been a prominent actor in the political history of the Western States, and although over seventy years of age he is as hale and hearty, and recites from his rich store house of experience the history of the military and political events of the country since 1812, with a fullness and minuteness rarely to be found even in a professed student of history.

Proposed Temperance Demonstration in Newport.—The Catholic State Temperance Union of Rhode Island proposes to hold a grand temperance demonstration in Newport, about the latter part of next month, and the Executive Committee of the Union will visit this city tomorrow, to make the necessary arrangements. It is proposed to have a general excursion on the occasion, to make a parade in which all the societies of the Union, fifteen in number, will appear, with a band of music, and to have a grand mass meeting. The Union, evidently, is determined not to be apathetic in the matter of temperance, but to push forward vigorously for the advancement of the cause. Its labors have thus far been attended with the most gratifying results.

The Glee Club Concert.—We were most agreeably surprised on entering the Opera House last evening to find it well filled, in fact crowded. For, taking into consideration the stormy weather and the proverbial apathy of our people against turning out for any public exercises, we did not expect to find more than a baker's dozen present. The concert was worth the effort made to attend it. The singers made a splendid appearance in their beautiful uniform, which was strongly suggestive of salt water, and indeed the boys themselves might have been readily taken for "old salts." The programme for the evening contained a mixture of both the classical and the comic, enough of each to produce variety and add interest to the performance. The rendering was excellent, rarely have we heard College songs sung better and the "extras" always came to hand at just the right time. The singers were frequently encored which demonstrated the appreciation by the audience of the good old songs of Yale. The concert was a complete success and we have no doubt but that it would bear repeating.

### Our Providence Letter.

PROVIDENCE, July 24.

Last week the principal and only attraction was of a military nature; this time it has been religious in its character. On Tuesday afternoon last the

CORNER STONE

of the First Universalist church was laid, at the corner of Washington and Greene streets. It was an impressive occasion.—This society has lost one church by fire and have recently sold their second one on Westminster street, hence the reason for building this. The exercises were participated in by Rev. Messrs. Fay, Capen and Rugg.—The choir of the church furnished the music and very good music it was too. Rev. E. H. Capen, pastor of the church, delivered the address (which was short and touched upon the importance of the building now about to be erected) to the society as an emblem of that inner temple not made with hands, and to the general public as an indication of material and spiritual prosperity.

The edifice when done will be one of the finest in the city. It is to be of Gothic style, cruciform in plan and to cost about $115,000. The size of the exterior will be 127x68 1-2 feet. Mr. E. L. Howland of this city is the architect. The structure is to be completed next summer.

EXCURSION.

This gala time of year is being well improved by our country neighbors and our citizens. The fame of the outside attractions at Rocky Point has gone abroad, and the clambakes and fish chowder of Silver Spring, Mark Rock, Ocean Cottage, Halsey Farm and the other resorts are about what they should be.

Our Sunday Schools have taken their turn at going to Rocky Point and admiring the monkeys, which are the only *live* "lions" of the place. Several excursions have come from some distance; one hailing from Keene, N. H., and the place adjacent, and last week another, or perhaps a third, coming from the road towards Fitchburg and Clinton, passed through the streets in goodly numbers—about 800 in some cases. The Eagle Hose Co., of Woonsocket came down last Thursday and made a savage attack on the bivalves. The seventy-first regiment will be here to-morrow, and then it is understood that they will show their prowess at eating, marching and drilling. Some persons, who prefer less confusion and as good fare, go to one of "Uncle John's" clambakes, and no one ever came away from there with a feeling of dissatisfaction or emptiness. In short, Rhode Island scenery and institutions are not to be sneezed at, and the beauties of the Hudson are not so far ahead of Narragansett. One of the hugest affairs that has greeted our eyes was the Father Mathew temperance society of Worcester, which filled fifteen cars on Saturday, and numbered over eight hundred. Many more would have come but for the unpropitious weather at starting.

THE RACES

at Ingleside were looked forward to with much interest, especially by college youths of this town. All eager hopes had an end, and some were sadly disappointed. I noticed in the NEWS of last week that Fred Case, a Newport boy, was on the Brown Freshman crew. His name should have been put Philip H. Case. He was the last who was selected for the position and he filled his place well. The unfortunate turn of affairs for Brown was not by any means owing to her poor rowing, but to the superior work of Harvard. Next year it is understood that the Browns will have a fine university crew; two of the present freshmen being candidates for positions of honor on it.

ITEMS.

Yesterday was delightfully cool and comfortable, and church goers took advantage of the fact.

A fire occurred Friday night in the shop of Mr. Henry W. Ellis, carriage maker, on Dyer street. He had about $30,000 worth of stock on hand, and the loss was about two-thirds of that amount. Among his material on hand was mowing machine stock to the value of $8000. Insurance was effected to the amount of $12,500.

One or two attempted runaways were reported last week, but no serious damage resulted.

The police have picked up three crazy persons within a few days, and lodged them first in the Central station.

EWERS T. ROOLY.

Hon. B. F. Butler, while stepping from his yacht to a small boat in the river at Newburyport, on Saturday, fell over board and was immersed in the good old Baptist style, without the usual service, on the spot so often used by Elder Pike for that purpose. He received a hearty cheer when the smooth part of the head appeared above water, and was soon rescued without much injury except to his clothing.

### A Perilous Season.

Glorious and delightful as the Summer weather is, its tropical heat is a severe trial to the vital powers. Even the strongest are sometimes prostrated by its effects. The common phrase applied to this condition of the body is "general debility." Now, general debility arises from, and includes a variety of ailments. The liver is more or less affected, the bowels are either constipated or too much relaxed, the stomach but half performs the work of digestion, the appetite is poor, and the spirits depressed. This is what is called general debility. It is a general disarrangement of all the physical functions, and requires as a remedy a medicine that will regulate them all. Hostetter's Stomach Bitters is specially adapted to this purpose. Its general operation is not confined to a single organ. If the liver is affected, it restores its tone. If the stomach is torpid, it regenerates it. If the nerves are tremulous and weak, it braces and reinforces them. If the mind, which ever sympathizes with the body, is gloomy and despondent, it relieves the difficulty, and soon brings the whole mechanism of the body into harmony with the laws of health.

There is no civilized nation in the Western Hemisphere in which the utility of Hostetter's Stomach Bitters as a tonic, corrective, and anti-bilious medicine, is not known and appreciated. Throughout the Tropics it is considered, both by the people and the profession, the standard specific. While it is a medicine for all seasons and all climates, it is especially suited to the complaints generated by the weather, being the purest and best vegetable stimulant in the world.

Beware of the Bitters made of acrid and dangerous materials, which unscrupulous parties are endeavoring to foist upon the people. Their name is legion, and the public has no guarantee that they are not poisonous. Adhere to the tried remedy, Hostetter's Bitters, sold only in glass, and never in kegs or barrels.

Nearly a million gallons of Pratt's Astral Oil have been sold—and no accident has ever occurred, directly or indirectly, from burning, storing or handling it. We consider this the best test of its perfect safety. jo

We learn that Dr. Barker, the Chiropodist, who is on Bellevue Avenue, is meeting with great success in removing corns and other diseases of the feet. He has had the honor of operating upon some of the best families of the place and many of the summer visitors, and all appear to be perfectly satisfied with his treatment. We find that he has operated upon many patients who have employed the most celebrated chiropodists the country affords, and they all speak of him as fully equal to any who have visited the place. And now you that are troubled with these awful diseases of the feet, will do well to call on him at once. Call as soon as possible and employ his treatment for a while, and you will feel as good as new. He can be found on Bellevue Avenue near the Ocean House, between the hours of 9 A. M., and 5 P. M. call and see for yourselves. Prompt attention is paid to all orders at the house of the patients.

MR. S. SCHIFFER has just received a new lot of Turkish Rugs, the handsomest ever imported into the United States, which he offers for sale at low figures, in Abraham's Block, opposite Bath Road. jy25-3t

Consumption,

ITS CURE AND ITS PREVENTIVE,

By J. H. SCHENCK, M. D.

Many a human being has passed away, for whose death, there was no other reason than the neglect of known and indisputably proved means of cure. Those near and dear to family and friends are sleeping the dreamless slumber into which, had they calmly adopted

Dr. JOSEPH H. SCHENCK'S SIMPLE TREATMENT,

and availed themselves of his wonderfully efficacious medicines, they would not have fallen.

Dr. Schenck has in his own case proven that wherever sufficient vitality remains, that vitality, by his medicines and his directions for their use, is quickened into healthful vigor.

In this statement there is nothing presumptuous. To the faith of the invalid is made no representation that is not a thousand times substantiated by living and visible works. The theory of the cure by Dr. Schenck's medicines is as simple as it is unfailing. Its philosophy requires no argument. It is self assuring, self-convincing.

The Seaweed Tonic and Mandrake Pills are the first two weapons with which the citadel of the malady is assailed. Two-thirds of the cases of consumption originate in dyspepsia and a functionally disordered liver. With this condition the bronchial tubes "sympathize" with the stomach. They respond to the morbific action of the liver. Here, then comes the culminating result, and the setting in, with all its distressing symptoms, of

CONSUMPTION.

The Mandrake Pills are composed of one of Nature's noblest gifts—the Podophillum Peltatum. They possess all the blood-searching, alterative properties of calomel, but unlike calomel, they

"LEAVE NO STING BEHIND."

The work of cure is now beginning. The vitiated and mucous deposits in the bowels and in the alimentary canal are ejected. The liver, like a clock, is wound up. It arouses from its torpidity. The stomach acts responsively, and the patient begins to feel that he is getting, at last,

A SUPPLY OF GOOD BLOOD.

The Seaweed Tonic, in conjunction with the Pills, permeates and assimilates with the food. Chylification is now progressing, without its previous tortures. Digestion becomes painless, and the cure is seen to be at hand. There is no more flatulence, no exacerbation of the stomach. An appetite sets in.

Now comes the greatest Blood Purifier ever yet given by an indulgent father to suffering man. Schenck's Pulmonic Syrup comes in to perform its functions and to hasten and complete the cure. It enters at once upon its work. Nature cannot be cheated. It collects and ripens the impaired and diseased portions of the lungs. In the form of gatherings it prepares them for expectoration, and lo! in a very short time the malady is vanquished, the rotten throne that it occupied is renovated and made new, and the patient, in all the dignity of regained vigor, steps forth to enjoy the manhood or womanhood that was

GIVEN UP AS LOST.

The second thing is, the patients must stay in a warm room, until they get well; it is almost impossible to prevent taking cold when the lungs are diseased, but it must be prevented or a cure cannot be effected. Fresh air and riding out, especially in this section of the country in the fall and winter season, are all wrong. Physicians who recommend that course lose their patients, if their lungs are badly diseased; and yet, because they are in the house they must not sit down quiet; they must walk about the room as much and as fast as the strength will bear, to get up a good circulation of blood. The patients must keep in good spirits—be determined to get well. This has a great deal to do with the appetite, and is the great point to gain.

To despair of cure after such evidence of its possibility in the worst cases, and moral certainty in all others, is sinful. Dr. Schenck's personal statement to the Faculty of his own cure was in these modest words:

"Many years ago I was in the last stages of consumption; confined to my bed, and at one time my physicians thought that I could not live a week; then like a drowning man catching at straws, I heard of, and obtained the preparations which I now offer to the public, and they made a perfect cure of me. It seemed to me that I could feel them penetrate my whole system. They soon ripened the matter in my lungs, and I would spit up more than a pint of offensive yellow matter every morning for a long time. As soon as that began to subside, my cough, fever, pains and night sweats all began to leave me, and my appetite became so great that it was with difficulty that I could keep from eating too much. I soon gained my strength, and have grown in flesh ever since."

"I was weighed shortly after my recovery," added the Doctor, "then looking like a mere skeleton; my weight was only ninety-seven pounds; my present weight is two hundred and twenty-five (225) pounds, and for years I have enjoyed uninterrupted health."

Dr. Schenck has discontinued his professional visits to New York and Boston. He or his son, Dr. J. H. Schenck, Jr., still continue to see patients at their office, No. 15 North Sixth street, Philadelphia, every Saturday from 9 A. M. to 3 P. M. Those who wish a thorough examination with the Respirometer will be charged $5. The Respirometer declares the exact condition of the lungs, and patients can readily learn whether they are curable or not.

The directions for taking the medicines are adapted to the intelligence even of a child. Follow these directions, and kind Nature will do the rest, excepting that in some cases the Mandrake Pills are to be taken in increased doses; the three medicines need no other accompaniment than the ample instructions that accompany them: First, create appetite. Of returning health hunger is the most welcome symptom. When it comes, as it will come, let the despairing at once be of good cheer. Good blood at once follows, the cough loosens, the night sweat is abated. In a short time both of these morbid symptoms are gone forever.

Dr. Schenck's medicines are constantly kept in tens of thousands of families. As a laxative or purgative, the Mandrake Pills are a standard preparation; while the Pulmonic Syrup, as a cure of coughs and colds, may be regarded as a prophylacteric against consumption in any of its forms.

Price of the Pulmonic Syrup and Seaweed Tonic $1.50 a bottle, or $7.50 a half dozen. Mandrake Pills 25 cents a box. For sale by all druggists and dealers.

THE POPE TO LEAVE ROME.

MATTERS IN FRANCE.

LONDON, July 24.

The Pope may leave Rome at any day.—Preparation is making for his reception at the chateau at Corta Corsica. Valery, the owner of the chateau, has had an understanding with Antorelli, and is to place it at the dispos al of the Pope. There is a movement going on in France to guarantee to the Pope temporal sovereignty over Corsica.—The Pope wishes to publish a syllabus in regard to the occupation of Rome by the Italian Government and declaring that measures withholding from him all temporal power are void. Measures have been taken already in Rome to prepare for the choice of the next Pope. It is proposed to choose one who may be moderate in his ideas and not unfriendly to Italy, and by this means effect a compromise with the Italian Government. Cardinal Cumillo do Pietro is mentioned.—The disposition by the French Chamber of Petitions in regard to the temporal power is equivalent to laying them on the table.

DUBLIN, July 24.

A great meeting was held Saturday on Llodd's hill, Meath, to protest against the eviction of large numbers of farmers. Violence was threatened if necessary to resist the evictions.

VERSAILLES, July 25.

The moderate Republicans in the Assembly are negotiating for a union with the radical Left.

PARIS, July 25.

It is again rumored that Favre intends to resign the Ministry of Foreign Affairs.

It is hoped that the regular sittings of the courts will recommence Monday next.

MADRID, July 24.

The Spanish Government, upon the application of Gen. Sickles, authorized Senor, Lopez Roberts, Spanish Minister to the United States, to act according to the Treaty of Washington, which provides for the appointment of a mixed commission of three for the settlement of claims of American citizens against Great Britain. Senor Roberts has also received authorization to exercise the functions of the third commissioner or umpire, to which he has been elected. The Spanish Government, in a friendly reply to General Sickles, has declared that it is not unwilling to adhere to the neutrality laws as laid down in the treaty of Washington.

# NEWPORT DAILY NEWS

**Wirt and Webster in a Trial of Wit.**

Daniel Webster was once engaged in the trial of a case in one of the Virginia courts, and the opposing counsel was William Wirt, author of the *Life of Patrick Henry*, which has been criticised as a brilliant romance. In the progress of the case, Mr. Webster produced a highly respectable witness, whose testimony (unless disproved or impeached) settled the case and annihilated Mr. Wirt's client. After getting through the testimony he informed Mr. Wirt, with a significant expression, that he was through with the witness, and that he was at his service. Mr. Wirt rose to commence the cross examination, but seemed for a moment quite perplexed how to proceed, but quickly assumed a manner expressive of his incredulity as to the facts elicited, and, coolly eyeing the witness a moment he said:

"Mr. K——, allow me to ask you if you have read a work called Baron Munchausen?"

Before the witness had time to reply, Mr. Webster quickly rose to his feet and said:

"I beg your pardon, Mr. Wirt, for the interruption; but there is one question that I forgot to ask the witness, and if you will allow me that favor, I promise not to interrupt you again."

Mr. Wirt, in the blandest manner, replied:

"Yes, most certainly," when Mr. Webster, in the most deliberate and solemn manner, said;

"Sir, have you ever read Wirt's Patrick Henry?"

The effect was irresistible, and even the judge could not control his rigid features. Mr. Wirt himself joined in the momentary laugh, and, turning to Mr. Webster said: "Suppose we submit the case to the jury without summing up," which was assented to, and Mr Webster's client won the suit.—*Bench and Bar.*

**RAILROAD COMPANY**

Are building a first-class railroad, from Mobile, Alabama, to Houston, Texas, a distance of 475 miles. The stockholders have paid in, and already expended upon the work, nearly **TEN MILLION DOLLARS**, and two-thirds of the entire road has been built. It is believed that no other railroad corporation in the country has ever made so large an expenditure from its own means, before offering any of its securities to the public.

Among the leading stockholders are HON E. D. MORGAN, HON. JOHN A. GRISWOLD, MESSRS. MORTON, BLISS & CO., J. & W. SELIGMAN & CO., L. VON HOFFMAN & CO., JAMES H. BANKER, HARRISON DURKEE, JOHN STEWARD, and other well known capitalists.

The Company now offer for sale the

Eight Per Cent Mortgage Bonds.

upon that part of the line west of the Mississippi River which is considered so important to Louisiana that state aid, to the amount of $3,300,000, has been granted or guarantied to the enterprise.

The Bonds are of two classes:

**FIRST MORTGAGE BONDS,**

to the amount of $12,500 per mile, and

**SECOND MORTGAGE BONDS,**

to an equal amount, the principal and interest of the latter being guaranteed by the State of Louisiana.— The price of the two classes is the same, and subscribers can take their choice.

The Bonds are only in the denomination of $1,000 or £200 each, interest payable January and July, at the rates of eight per cent. currency in New York, or seven per cent, gold in London, at the option of the holder, at the time each coupon is due. Bonds can be registered if desired.

One thousand dollars invested in these eight per cent. bonds will give the purchaser MORE THAN SEVENTY FIVE PER CENT. greater annual interest than the same amount invested in the new Government Five Per Cents.

These Bonds are offered for the present at 90, and accrued interest at 8 per cent. currency from July 1 to date of remittance.

TESTIMONIALS,

"I regard Mr. Eddy as one of the most *capable and successful* practitioners with whom I have had official intercourse.

CHARLES MASON, Commissioner of Patents."

"I have no hesitation in assuring inventors that they cannot employ a man *more competent and trustworthy* and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,

DR. L. DIX'S
PRIVATE MEDICAL OFFICE,
**No. 21 Endicott Street, Boston, Mass.,**

is so arranged that patients never see or hear each other. Recollect the only entrance to his Office is **No. 21**, having no connection with his residence, consequently no family interruption, so that on no account can any person hesitate applying at his office.

DR. DIX

boldly asserts (and it cannot be contradicted, except by Quacks, who will do or say anything, even perjure themselves, to impose upon patients) that he

**is the only regular graduate physician advertising in Boston.**

TWENTY YEARS

engaged in treatment of Special Diseases, a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended, and particularly to

**Strangers and Travelers.**

To avoid and escape imposition of Foreign and Native Quacks, more numerous in Boston than other large cities.

DR. L. DIX

proudly refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation.

AFFLICTED AND UNFORTUNATE!

be not robbed and add to your sufferings in being deceived by the lying boasts, misrepresentations, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and LESS as to their cure. Some exhibit forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising in names of those inserted in the Diplomas, but to further their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines BY THE DEAD, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than it cures," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon MERCURY, and gives it to all his patients in Pills, Drops, &c., so the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specific, Antidote, &c., both relying upon its effects in curing a few in a hundred, it is trumpeted in various ways throughout the land; but, ALAS! nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer for months or years until relieved or cured, if possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will perjure themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "usual fee" may be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and uselessly spend large amounts for experiments with quackery.

DR. L. DIX'S

charges are very moderate. Communications sacredly confidential, and all may rely on him with the strictest secrecy and confidence, whatever may be the disease, condition or situation of any one, married or single.

Dr. DIX having devoted over twenty years to this particular branch of the treatment of all diseases peculiar to females, it is now conceded by all (both in this country and in Europe) that he excels all other known practitioners in the safe, speedy and effectual treatment of all female complaints.

His medicines are prepared with the express purpose of removing all diseases, such as debility, weakness, unnatural suppressions, enlargements of the womb, also all discharges which flow from a morbid state of the blood. The Doctor is now fully prepared to treat in his peculiar style, both medically and surgically, all diseases of the female sex, and they are respectfully invited to call at

THIS ROAD is being built and managed by New England BUSINESS MEN, who have invested largely in the CAPITAL STOCK, and whose experience and reputation guarantee the most THOROUGH CONSTRUCTION of the Road, and at the same time insure the most HONORABLE CONDUCT of ITS AFFAIRS.

I have two bottles of your Hair Tea, and now I do not get enough to tie the ends of my braids, and have to go to the box for a few hairs for that purpose. I think every lady ought to know what a remarkable Hair Preserver you make."
